SEEDSMEN AND NURSERYMEN

Painesville, Ohio

PLEASE NOTE

METHOD OF SHIPPING

In the many years we have been in the nursery business and the thousands of shipments we have forwarded to our customers in all parts of the country we find that the method of shipping is as essential as the growing of the plant itself. Unless otherwise instructed, practically all plants we ship are forwarded by Railway Express. This is the speediest and most reliable service that we know of today. At the same time the cost of this transportation is very economical.

We have frequent pick-ups daily right from our packing house and various trains are met with our shipments. We have found that plants for destinations within a radius of 400 miles are ordinarily delivered the next day, those traveling to distances of 500 to 1000 miles, the second or third day. This wonderful service coupled with a good job of packing assures you of receiving your plants promptly and in the best of condition.

PERENNIAL PLANTS, SEEDS

BULBS, ROSES AND SHRUBS

Painesville, Ohio

Dear Friend and Patron:

We are pleased to place into your hands our new 1936 wholesale perennial catalog. With this we begin a new year with new hopes and new enthusiasm. We are offering you practically every worthwhile hardy plant in existence, in addition an assortment of shrubbery of the better order, also Cannas, Dahlias, Roses, etc. This makes it possible for you to order a general assortment of material from one source.

We have produced wonderful quality plants for our trade this spring. If you will turn over the pages of this book slowly you will discover that our assortment is such that it will take care of almost any type of planting or any selection desired for cut flower purposes. You will also find various floral pieces displayed where perennial flowers play an important part. All of the plants we offer are beyond the experimental stage. Therefore, you can purchase from us with every confidence

You will note, we are listing for the first time novelty plants in the front part of our catalog. Also throughout our book in proper order you will find additional new items. All of these we have grown and tested in our own nurseries. Therefore, we know that they are worthy and ask that you give them a trial.

There are always various classes of plants that have an especially lively demand. The last three or four years Hardy Chrysanthemums enjoyed this popularity to such an extent that it was a problem to produce enough of the real worthy novelty varieties. This year we placed into our greenhouses in early December enough stock plants to produce in the neighborhood of one half million rooted cuttings and 2" pot plants. You will find all of these listed in proper order at reasonable prices.

It is of greatest interest to you also to know that we are growers strictly for the wholesale trade. We believe that you would much rather do business with a concern who does not come into competition with you on your retail sales.

Permit us at this time to thank you kindly for all past favors and we sincerely hope that we will have the pleasure of continuously serving you.

Sincerely yours,

Joseph F. Martin

Here is a field view of our New Dianthus, Sweet Pinks. Please note the robust growth, also the mammoth crop of flowers. This field was in full bloom the latter part of May and the first part of June.

New Dianthus That are Different

This photograph shows a field view of our new race of Dianthus. They are a selection from a special type, seeds of which we imported from Germany about eight years ago.

When our first plants came into bloom, we discovered that the flowers which were produced on 16 to 24 inch stems were very striking. They were really beautiful and continuously we were able to cut flowers which lasted in our office for as long as two weeks. At the same time we discovered that they work up wonderfully well when used in connection with other flowers.

We soon decided that we should make selections and continue improving. From a selection of about one hundred distinct plants we finally settled on six of the most outstanding, everyone a good show or cutting variety. We have now propagated large quantities and are able to offer to you for the first time these new Dianthus at reasonable prices.

We recommend that you give this new race of Pinks a trial and advise that you plant them out as early as possible. You will be immediately paid back your investment and the following spring they will produce a much larger crop of desirable flowers.

We offer strong 2" pot plants of all varieties for shipment in April, Per 10, \$2.00; Per 100, \$15.00.

PRINCE. Very large single bright pink with decided salmon cast, beautiful crimson center.

MARVEL. Double bright rose pink, slightly incurved and deeply fringed petals.

FAVORITE. Semi-double showy deep rose pink tinted lavender, very distinct crimson center, fringed petals.

PINK BEAUTY. Good fully double rose pink, quite equal in size and form to many of the Hardy Carnations.

CRIMSON TRIUMPH. Large single rich crimson with maroon center, petals slightly fringed.

EXQUISITE. These flowers are very bright with contrasting pink petals and deep mahogany center; in form semi-double, deeply fringed.

Worthy Novelties *for Spring, 1936*

ERODIUM CHAMAEDRYOIDES ROSEUM

Forms tufts of glossy green leaves, delicate pink veined flowers on two inch stems. In bloom continuously from May until snow. Plant in good well drained soil. This is one of the prettiest little rock plants that we know of. We offer strong 2 inch pot plants, **Per 10, \$2.00; Per 100, \$15.00.**

HOLLYHOCK IMPERATOR HYBRIDS

This variety is the latest introduction in Hollyhocks. It has branching habits, producing flowers which measure 5-6 inches across. The flowers vary in color, being beautifully frilled with fringed petals. In the center there appears a double rosette about 2 inches across. The entire flowers when fully developed suggest beautiful crested Begonias. The color harmonies are really pleasing to the eye. These Hollyhocks, unlike the real old timers are very good for indoor decorations. The flowers can be used in vases and will last a long while in water. Field grown plants, **Per 10, \$1.50; Per 100, \$10.00.**

VIOLET WELLSIANA

These little plants are real novelties. They produce pleasing flowers well above the foliage. There is a variation in the colors running from blue to white. In early spring when they are at their best they make a real nice showing especially when planted in a fair sized group by themselves, in a corner of a rock garden or in borders of flower gardens. Field grown plants, **Per 10, \$2.00; Per 100, \$15.00.**

DIANTHUS SPRINGFIELD

This is a selection from the Plumarius types. It is an upright growing variety, producing flowers on 12 inch stems, color is soft rose with mahogany disc. This combination is very pleasing. The flowers can be cut for table decorations and the plants will continue flowering throughout the summer. We offer strong 2 inch pot plants, **Per 10, \$2.00; Per 100, \$15.00.**

VIOLET ROSINA

A small soft ripe pink Violet blooming freely in the spring and again in the autumn. Delightfully fragrant. While it will grow well in the full sun, it does best in partial shade. Field grown plants, **Per 10, \$2.00; Per 100, \$15.00.**

DIANTHUS ROSE CUSHION

This new variety is unlike other Dianthus. The clear rose colored flowers are erect, they do not droop. The plant does not run wild, keeps its shape, very low growing and compact, ideal for low borders or rockeries. It is perfectly hardy and does well in any well drained soil. Considering the style of its growth it is very attractive even when not in flower. We offer strong 2 inch pot plants, **Per 10, \$2.00; Per 100, \$15.00.**

ELSCHOLZIA FARQUHARI

This plant has the nature of the well known Buddleias, growing about 24 inches in height, producing large spikes of bright pink flowers. The entire bush is sweetly scented. In addition to being a very conspicuous plant in the landscape, the flowers are also outstanding for cutting. This plant we believe will become very popular. We highly recommend it for florist cut flower purposes or for landscape plantings. Strong field grown plants, **Per 10, \$2.50; Per 100, \$20.00.**

New Dwarf Hybrid Border Asters

These Asters we believe will fill a long felt need. They are a race of dwarf, compact, free-flowering plants blooming at a season when there is a scarcity of low growing flowering plant material. Their average height is about one foot. They all bloom in September. There is nothing that will quite equal them for low borders and charming rock gardens.

COUNTESS OF DUDLEY. A charming clear pink with a contrasting yellow eye. A bushy habit, flowering freely during late September. The plants grow 9 inches high.

LADY HENRY MADDOCKS. Clear pale pink flowers produced freely on dwarf compact plants, 12 inches high. September.

NANCY. The bushy plants are completely covered with pale flesh pink flowers which practically hide all foliage. Blooms in late September. 12 inches.

RONALD. This is a pleasing shade of bright lilac pink following the rose-pink buds. Very showy. Flowers in mid-September. 12 inches high.

SNOWSPRITE (Snow Fairy) A very dwarf early September flowering variety forming graceful plants a foot high. They are smothered with charming semi-double white flowers. It deserves a place in every garden.

VICTOR. The dwarfest of all, growing barely 9 inches tall, covered with good sized flowers of a beautiful clear lavender-blue. Flowers during early September.

We offer all varieties in 2" pots, ready for delivery from

April on, \$2.00 per 10; \$15.00 per 100.

Daisy Double White Swan

Wonderful Double Flowering New Variety

HERE is a Daisy that will compare with the Double Pyrethrums. It produces solid double pure white flowers on good wiry stems from 18-24 inches in length. Most of the plants will have from 15 to 20 flowers. Due to unusually cool weather last spring they flowered about the middle of June, but in normal conditions these Daisies will come into full flower for Memorial Day.

They are without question the best Double Daisies that we have ever grown. The flowers are uniform and of good size. The photograph above proves that these are very desirable for either baskets or vases. They are also beautiful when used in combinations with other flowers.

We have a real nice planting and we expect a very lively demand. Therefore, it is advisable to place your orders early. We wish to make a large distribution and we hope very much that you will take advantage of this opportunity and purchase this real worthy novelty this spring. You will find it of outstanding value either for landscape effects or all types of floral work.

We offer field grown plants for delivery up to May 1st, Per 10, \$2.50; Per 100, \$20.00. Later delivery will be made from 3 inch pots.

ACHILLEA

Milfoil or Yarrow

Achilleas are of easy culture and grow in any good garden soil, preferring sunny locations. They are useful for the border, wild garden or shrubbery. For cutting there are many outstanding flowers among the Achilleas for summer floral pieces. In late years it has come to our attention that Achilleas are used in many floral pieces, due to the fact that when a planting of these is maintained and the flowers used continuously they are practically ever-bloomers. Anytime throughout the summer the florist can cut Achilleas for use as fillers. They are very valuable when the Gypsophila or Baby's Breath is off crop.

AIZOON. The foliage resembles Ageratum. These are quite distinct from all other Achilleas producing white flowers of a good size in May and June on stems 8 inches in length.

Per 10, \$1.50; Per 100, \$10.00

BOULE DE NEIGE (Ball of Snow). An improvement on the Pearl. Wonderful for cut flowers or garden. Blooms in June. A good filler, grows 12-15" high. double white flowers in umbels.

Per 10, \$1.00; Per 100, \$7.00

CLAVENNAE (R). Silvery foliage, white flowers. Good for wall gardens. 6 inches.

Per 10, \$1.00; Per 100, \$7.00

FILIPENDULINA. This fine plant from the shores of the Caspian Sea grows 2 to 3 feet high, flowers bright yellow, in flat heads, and with lace-like foliage. June to September. Nice to plant among shrubbery, evergreens, or for back border, also a good flower for basket work.

Per 10, \$1.00; Per 100, \$7.00

FILIPENDULA PARKER'S VARIETY. Showy large yellow corymbs on tall plants, 4-5 ft.

Per 10, \$1.50; Per 100, \$10.00

MILLEFOLIUM CERISE QUEEN. Cherry red, brighter than Rosea, 2 ft.

Per 10, \$1.50; Per 100, \$10.00

MILLEFOLIUM ROSEUM (Rosy Milfoil). Finely cut deep green foliage, pink flowers in dense heads and found all summer. Suitable for general use. 12 inches high.

Per 10, \$1.00; Per 100, \$7.00

PERRY'S WHITE. 1 to 2 feet. June to August. A choice variety. Nothing better for cutting. An excellent filler. The whitest of all Achilleas, and an outstanding favorite with florists for summer flowers.

Per 10, \$1.00; Per 100, \$7.00

ACAENA

Splendid little creeping plants for rock gardens or ground cover. Does best in shade, in rather light dry soil.

NOVAE-ZEALANDIAE (R). Mossy foliage, rosy, spine-like flowers, 2 inches.

Per 10, \$1.50; Per 100, \$10.00

ACTINEA

Lakeside Daisy

HERBACEA. Has yellow Daisy-like flowers 2 inches in diameter on 6 inch stems from tufty bunches of foliage. Blooms in May.

Per 10, \$2.00; Per 100, \$15.00

Achillea, Perry's White

PTARMICA, FL. PL. "THE PEARL." Pure white flowers borne in the greatest profusion on strong erect stems the entire summer, 2 feet high. As a summer cut flower it is of great value. An excellent variety for use in sprays.

Per 10, \$1.00; Per 100, \$7.00

TOMENTOSA AUREA. A very charming yellow flowered plant, blooming in June. It will do well in the rockery or in any part of the border. While it grows naturally on dry rocky soil, it has done fine on lower and more moist levels. Six to twelve inches.

Per 10, \$1.00; Per 100, \$7.00

ACONITUM

Monkhood or Helmet Flower

Aconites form bushy clumps, and are invaluable for planting under trees or in shady or semi-shady positions. They adapt themselves, however, to bright sunny locations. The flowers vary somewhat in height and color, but the hood shaped blooms arranged in spikes are very attractive.

FISCHERI. A dwarf variety growing 30 inches high, with very large pale blue flowers in September and October. Decorative foliage even when not in flower. A very attractive plant in a Perennial planting.

Per 10, \$1.50; Per 100, \$10.00

ALSTROEMERIA

CHILENSIS. Rosy red flowers, 3-4 ft. Not absolutely hardy in North.

Per 10, \$2.00; Per 100, \$15.00

AETHIONEMA

CORIDIFOLIUM (Lebanon Candytuft). Grows to a height of 4 to 10 inches. Flowers light or rosy lilac in short dense racemes.

Rose Campion

CORONARIA ALBA. Pure white, very pretty, continuous flowers. Height 2 feet. June-August.

Per 10, \$.85; Per 100, \$6.00

CORONARIA ATROSANGUINEA. Deep blood red Rose Campion. Stout erect growing, silvery foliage, which contrasts well with the pretty flowers, which come during June and July.

Per 10, \$.85; Per 100, \$6.00

FLOS JOVIS. Neat border plant with bright carmine rose flowers, 15-18 inches.

Per 10, \$.85; Per 100, \$6.00

ALYSSUM

Rock Madwort

Very popular early flowering perennials of easy culture, and all very free flowering. They all like a well drained soil and sunny position. Useful in the border as well as in the dry wall or rock garden. This genus includes some of the prettiest and most showy spring and early summer blooming plants.

ARGENTEUM. Dense growth. Leaves silvery beneath, flowers yellow, in clustered heads, all summer. Height about 15 inches.

Per 10, \$1.00; Per 100, \$7.00

Per 10, \$1.50; Per 100, \$10.00

MYOSOTIDIFLORA (Forget Me Not Flowered Bugloss). Height 1½ feet when in bloom, during April and May, making a tidy, compact plant, entirely lacking of the coarseness of the taller Anchusas, forming a mound of dainty blue flowers resembling the forget-me-not, but borne in branchy sprays. Foliage is robust and has a healthy, attractive appearance throughout the entire season. An effective rock plant for shady places.

Per 10, \$1.50; Per 100, \$10.00

Anchusa, Myosotidiflora

ANEMONE**Japanese Windflower**

These beautiful windflowers are among the most important hardy plants. While they begin blooming in August they are more especially valuable on account of their continuing in full beauty till cut down by hard frost. They are all excellent for cutting, lasting in good condition for many days. The plants grow two to three feet high, are perfectly hardy if given the protection of two or three inches of leaves or litter during the winter months. They grow rapidly and are profuse in bloom gaining strength and beauty each year.

ALICE. Large flowers of rose-pink, lilac center; excellent new variety. The best and strongest grower of all the pinks.

Per 10, \$2.00; Per 100, \$15.00

HUPHENSIS. A perfect little gem closely allied to Anemone Japonica which in a miniature form it resembles. The plant grows from 18 to 24 inches high and from early in August until late in Autumn produces an abundance of flowers about 1½ inches in diameter of a pleasing mauve rose.

Per 10, \$1.50; Per 100, \$10.00

Per 10, \$1.50; Per 100, \$10.00

MONTANA. Very desirable evergreen trailing plant, forming a dense carpet of foliage and covered with large white flowers in Spring. Excellent for the rockery.

Per 10, \$1.50; Per 100, \$10.00

VERNA CAESPITOSA. Like green moss will grow between stepping stones. Excellent for rock garden, covered with little white flowers in early Spring.

Per 10, \$1.50; Per 100, \$10.00

Aquilegia or Columbine

ALPINA. Grows about a foot high, having dark blue flowers. A beautiful short spurred form. Very rare.

Per 10, \$1.00; Per 100, \$7.00

BEE'S HYBRIDS. Beautiful mixture of colors, large flowers.

Per 10, \$1.50; Per 100, \$10.00

CANADENSIS (American Wild Columbine; Honeysuckle). It flowers early, next after the oxysepela, and few of our wild flowers are better suited to the rock garden than this. Flowers an inch or more long; red and yellow are borne in abundance. Very graceful and attractive plant. It seems to do well in any garden soil both in sun and shade. 18 to 24 inches.

Per 10, \$1.00; Per 100, \$7.00

CALIFORNIA HYBRIDS. Golden yellow with red spurs.

Per 10, \$1.00; Per 100, \$7.00

CHRYSANTHA (Golden Columbine). Very slender, dainty, long-spurred Columbine of a golden yellow color, blooming later than the long-spurred hybrids. Late June and July and attains a height of 2½ to 3 feet. While we do not guarantee the color a large percentage comes true to form.

Per 10, \$1.00; Per 100, \$7.00

CHRYSANTHA ALBA. A white form of the above.

Per 10, \$1.00; Per 100, \$7.00

SILVER QUEEN. Improved long spurred white. The best pure white.

Per 10, \$1.50; Per 100, \$10.00

COERULEA. Violet blue and white, long spurs, the finest species. Rocky Mountain blue Columbine.

Per 10, \$1.50; Per 100, \$10.00

COERULEA CUPREA "COPPER QUEEN." Coppery-red with dark spurs, anthers straw-colored changing to white.

Per 10, \$2.00; Per 100, \$15.00

CRIMSON STAR. This is an entirely new Aquilegia. It is by far the most striking crimson with white corolla. Because of its bright color, we believe that our customers will find this variety of great value either in border plantings or for cut flower use.

Per 10, \$2.00; Per 100, \$15.00

DOBBIE'S IMPERIAL HYBRIDS. A very fine assortment by a European hybridizer which will be sure to charm you by its beauty.

Per 10, \$1.50; Per 100, \$10.00

NIVEA GRANDIFLORA. A fine semi-double white. Robust variety, profuse bloomer.

Per 10, \$1.00; Per 100, \$7.00

The Columbines are among the most elegant and beautiful hardy plants, producing their graceful long-spurred flowers on stems rising two feet or more above the beautifully divided foliage, and should be planted wherever their presence will serve to lighten up a too stiff and formal planting. Taken as a whole they are one of the most important parts of the hardy garden. The following varieties are all suitable for cutting and are attractive when used with other flowers.

MARTIN'S LONG-SPURRED HYBRID AQUILEGIA
Vigorous Plants, With a Wonderful Color Assortment

MARTIN'S OWN STRAIN

LONG SPURRED HYBRIDS. We offer an unusually choice strain of these lovely hybrids, ranging in color tones from creamy white and yellow to bronze red and blue shades. No two plants resemble each other in color, and the combination of shades found in this selection defies description. See illustration.

Per 10, \$1.00; Per 100, \$7.00

LONG SPURRED ROSE QUEEN. Very deep pink.

Per 10, \$1.50; Per 100, \$10.00

ASTRANTIA

MAJOR. Pretty rose and white flowers, fine border or rock plant.

Per 10, \$2.00; Per 100, \$15.00

Hardy Asters

Michaelmas Daisies

For a grand show of flowers the Hardy Asters throughout the fall months are in a class by themselves. The assortment of varieties in cultivation today is such that you can have them in your garden ranging in height from six inches to three feet. This variation in the growth of the different varieties makes it possible for you to have Asters either for a border around a perennial planting or for the center of your perennial bed. In addition to their beauty in garden plantings, the taller varieties are suitable for cutting purposes as they make up well with various other fall flowers.

ABENDROTHER. 2½ feet. Very effective rosey red flowers.

Per 10, \$1.25; Per 100, \$8.00

BARR'S PINK. This is of the Novae Angliae type, a strong vigorous grower forming shapely plants from four to five feet tall, the finest bright pink.

Per 10, \$2.00; Per 100, \$15.00

ASTERS, NEW DWARF HYBRIDS. See Novelties, Page 3.

Japanese Hardy Asters

MAUVE CUSHION. Distinct species which has attracted much attention by its unique habit of growth, its floriferousness and lateness in flowering. It forms a circular cushion-like plant 2½ feet across, the center of the plant rarely exceeding 9 inches in height, gradually tapering to 3 to 4 inches at the outside; the flowers, of delicate mauve, with silvery white perfection, measure over 1½ inches in diameter, and are produced in such lavish profusion as to completely cover the plant; the blooms are at their best in November.

Per 10, \$1.25; Per 100, \$8.00

JAPANESE DOUBLE WHITE. This came to us unnamed from a Japanese nurseryman and is entirely distinct from all other hardy Asters; the plants are of symmetrical habit, and grow about two feet high. They bear from July to September double white flowers not unlike the double white Feverfew.

Per 10, \$1.25; Per 100, \$8.00

AUBRETIAS

Pretty little carpeting or mat forming perennials which are in full bloom in spring. For the low part of the border, wall or rock garden. They like half shaded locations, or full sun and rather dry.

Per 10, \$1.25; Per 100, \$8.00

BUDDLEIA**Butterfly Bush or Summer Lilac**

The heading under which these plants comes explains that they are summer flowering bush form plants. For a good many years we had in cultivation only the variety *Magnifica*. In recent years more worthy and better types have been added. The *Buddleia* are without question one of the most valuable items for florists.

FARQUHARI. A low-growing pendulous, spreading shrub, with rich green foliage and silver reverse, bearing in late summer, long racemes of purple flowers.

Per 10, \$2.00; Per 100, \$15.00

VARIABILIS MAGNIFICA. This is really a shrub but the top usually freezes back and new growth starts from the root like other perennials. Plants grow three to four feet and are covered with long racemes of lilac-like flowers all summer.

Per 10, \$1.75; Per 100, \$12.00

VARIABILIS WILSONI. The latest of all the summer lilacs to flower, blooming in September. It bears immense, tail-like spikes sometimes 30 inches long, of bright rosy lilac flowers with orange eyes.

Per 10, \$2.00; Per 100, \$15.00

SUPERBA. See page 42.

**NEW BUDDLEIA
ILE DE FRANCE**

Here is an entirely different *Buddleia*. For brilliance of color, grace of its flower spikes and uniform habit of growth this new *Buddleia* greatly surpasses all other varieties. The plants develop into well branched symmetrical bushes 3-4 ft. high; the individual flower spikes often measure 10 in. in length, they are brilliant rosey purple with a violet suffusion. Their fragrance adds another feature to their beauty. We offer nice field grown plants.

Per 10, \$2.00; Per 100, \$15.00

A Good Selection of Perennials Will Give You Blooms All Summer and Fall

Novelty Hardy Chrysanthemums

The trade in general is well informed on the wonderful work that has been done the last few years on Hardy Chrysanthemums. Many new varieties are introduced annually.

It is very important for growers like us to keep up with new introductions so that we will not miss out on any that may be worthwhile. It is therefore necessary that we purchase small quantities of all new varieties. For many of these we pay exorbitant prices and later discover that they have to be discarded.

All of these Chrysanthemums are planted out in our trials and in regular flowering season there are a good many hundreds of varieties in blossom. These are all critically judged and only what in our opinion are the very best are selected for future propagation. We do this work, having in mind to save our customers money which otherwise they would spend for experimental purposes.

In accordance with this policy we offer here the very finest varieties in existence today. When you make a selection from this list you will not be experimenting. We are sure that when you actually grow the varieties purchased from us you will appreciate the work that we have done in our selections. Due to our excellent equipment for propagating, we are able to offer these real worthwhile Novelty Chrysanthemums to you in rooted cuttings and 2" pot plants at reasonable prices. **All these are propagated from field grown plants. We believe they are far superior to those propagated from greenhouse plants. It will be well for you to keep this in mind when you are buying your new varieties of Hardy Chrysanthemums.**

CHRYSANTHEMUM ALADDIN

The Perpetual Flowering Mum. The flowers are borne on erect stems, the terminal buds giving the first bloom. As the plant develops, the lateral branches make a surprising growth, throwing the lateral and sub-lateral flowers well above the first terminal blooms. The first blooms appear late in July and early August, the color at first being an exquisite warm coppery bronze, with an overlay of orange-apricot shade which deepens in early autumn.

Rooted Cuttings \$5.00 per 100, \$40.00 per 1000
2" Pot Plants \$8.00 per 100, \$70.00 per 1000

CHRYSANTHEMUM PINK CUSHION

This is one of the most admired Chrysanthemums. It is a solid compact grower, flowering from first of October until frost. The flowers come continuously throughout the entire fall. The whole clump, while in flower is completely covered. The color is a beautiful shade of pink. Due to its color and its compact growth we believe at this time there is no other Chrysanthemum as effective in rock garden, landscape or border planting.

Rooted Cuttings \$5.00 per 100, \$40.00 per 1000
2" Pot Plants \$7.00 per 100, \$60.00 per 1000

CHRYSANTHEMUM MAWII

This comes from the mountains of Northern Africa. A low growing plant about 8 inches in height with fine cut leaves. The slender flower stems extend upward about 12 inches with a solitary pink flower with dark center. Admirably adapted for the rock garden.

Rooted Cuttings \$5.00 per 100, \$40.00 per 1000
2" Pot Plants \$8.00 per 100, \$70.00 per 1000

ALETTA. Very early light pink of Aster form, good for cutting; flowers in September.

ANNIE FLETCHER. Good strong growing type, producing an abundance of clear yellow flowers on erect stems. Aster type, flowering first part of October.

ADIRONDA. Small compact aster-flowered variety of medium height producing golden bronze flowers early in September.

ATTRACTION. Daisy type, good compact form, producing lilac pink flowers of uniform size about September 15th.

BEATRICE. Beautiful cerise red flowers from 1½ to 2 inches across, upright growing plant, forming mass of bloom in Oct. and Nov. Flowers are intensely double. A distinctive flower well adapted to the fall cut-flower trade.

BERTHA FAIRS. Daisy type, flowering in late October, color of flowers is orange yellow. Tall grower, garden variety.

BARBARA CUMMING. Very attractive, large, full flower of the Decorative type, over 3 inches across, and clear yellow in color, shading to orange-bronze toward late October. Vigorous and branchy, attaining 2 feet.

BRONZE QUEEN. Produces large bronze flowers in October.

CALIFORNIA. Single daisy-like orange flowers on attractive long stems. A very desirable sort for late autumn show, flowering in October.

CHEERFULNESS. Yellow Pompon with buff center, fine for cutting; flowers in October.

CHESTNUT BURR. Quaintly formed blooms of a deep chestnut red color, flowering first of October.

CORA PECK BUHL. Excellent Pompon, very popular owing to its intense shade of yellow. Flowers in October.

Chrysanthemum, Pink Cushion

All varieties, Rooted Cuttings, for delivery from February. Per 100, \$5.00; per 1000, \$40.00.

Novelty Mums Continued

CRIMSON SPLENDOR. A magnificent and distinct variety producing masses of rich crimson-maroon flowers, intensified with deep garnet tones, and contrasting with a prominent golden yellow center. The flowers are large, fully 4 inches in diameter, with exceptional keeping qualities. Blooms in late September.

DAINTY. Buds are reddish-bronze, while flowers display a touch of pink, single daisy-like. Flowers in October.

DAYBREAK. Single flowers of soft shell-pink with a noticeable sweet fragrance. Splendid variety for cutting or garden display. Flowers first of October.

DAZZLER. Single flowers of brilliant cardinal-red produced in clusters. Blooms first part of October.

DISTINCTION. Pompon, well named, the only Hardy Chrysanthemum of its type. In appearance it is a pretty bronze, tips of flower petals are yellow, deepening to bronze towards center. Flowers middle of October.

DONALD WELLS. Earliest and most desirable large white flowering variety. Flowers from early September until hard frost.

EARLY BRONZE. Extremely early variety. Flowers freely from late August on. Color is a lively bronze-yellow.

EARLY MORN. Large double shell-pink. One of the choicest out-of-doors hardy varieties for cutting purposes. Flowers first of October.

EDEN. Large flowering bright lilac rose. Makes very attractive pot plants, also an outstanding sort for landscape effects. Flowers first of October.

ENCHANTRESS. Large flowers of a splendid duplex form, color is an appealing light rose. Blooms in September.

ETHEL. Superb bronze button. Grows to a fairly good height and produces flowers in large clusters. Blooms first part of October.

EXQUISITE. Well named. Large semi-double shell pink flowers, fine for cutting. Blooms in October.

FERN RIDGE. Single fiery-red with high orange center, making a beautiful contrast. Strong grower and profuse bloomer. Flowers first of October.

FIREBRAND. Very free flowering, large duplex blooms of rich crimson scarlet produced in September.

FRED PEELE. A very pretty button variety, yellow petals tipped maroon. Flowers in October.

GLORIETTA. Color light pink; strong upright growth and very productive. Comes into flower the first part of October. Plants are 16 inches in height and produce flowers 2 1/4" in diameter.

GOLD COIN. A large flowering Pompon, color is golden yellow. Flowers first of October.

GOLD MINE. Very bright yellow flowers 1 1/4 inches in diameter of the true Pompon type but of a high rounded form. Blooms late October.

GOLD STANDARD. Daisy type, producing flowers in heavy clusters, color deep golden orange, yellow halo. Flowers in October.

GRANNY SCOVILL. A Chrysanthemum that will appeal to the connoisseur. It is a lovely, large flower, fully 4 1/2 inches across, and of nice, fluffy form. The color, a warm coral-bronze, fairly glows under artificial light. In growth it is dwarf and branching, with fine healthy foliage.

GOLDEN GATE. Dwarf, compact variety with lovely, small, double shaggy yellow blooms. Flowers in October.

GRENADIER. An extremely free flowering variety producing masses of large single flowers in clusters. Color is a bright crimson-red with an under-lying sheen of bronze and golden tint on the petal reverse. A gorgeous color combination. Flowers in September.

GYPSY GIRL. Well named. A single type, crimson in color shading to chestnut. Fine for cutting, flowers in October.

HARBINGER. Compact dwarf plants covered with good sized single flowers of a deep lavender-blue with a large white halo around the bright yellow disc. Very attractive. Flowers in October.

HARVEST HOME. Large golden yellow flowers about 3 inches across, flowers in October.

HARVEST. Large straw colored flowers, fine for cutting. Blooms in September.

IDOLPH. Desirable rose-pink, profuse bloomer; flowers are very double with small yellow center. Flowers in September.

INDIAN MAID. A most appealing and unusual large single variety of an artistic and lovely orange terra-cotta. Flowers first of October.

INDIAN SUMMER. Duplex blooms of a picturesque chestnut-red color with yellow at base of petals.

IRENE. A true white Pompon type, 1 to 1 1/4 inches in diameter, upright wiry stems. Flowers in September.

JEAN TREADWAY. Large flowers of Aster type. When opening the color is a lovely sparkling pink with a dark rose-pink center but when fully open it becomes a nice soft lilac-pink shading to white. Flowers in September.

LA VONNE. Clear rose pink flowers with bright yellow centers. Flowers open out, forming three or four whorls of petals. Flowers in October.

LORELEI. A very productive yellow; long stems, free bloomer coming into flower in late September. Grows to a height of 26 inches, producing flowers 3 inches in diameter.

MODEL OF PERFECTION. Vigorous growing, very free flowering white. The extra long stems are desirable for floral arrangements of the larger order. Flowers in October.

MODESTY. Large single blooms of lilac-rose color with unique narrow petals. Fine for cutting, flowers in September.

MOONBEAM. A large single flowered white variety which opens pale yellow. Flowers October 1st.

MOONLIGHT. Charming large blooms with pale blush petals arranged around the small yellow center cushion; fine for cutting. Blooms in September.

MRS. ADOLPH JAENICKE. A new crimson red slightly shaded to the bronze. Flowers are large, produced on tall sturdy plants. Blooms in late October.

MRS. CHAS. EVANS HUGHES. Strong grower, producing flowers in clusters of medium size, color vivid red, petals tipped orange.

MRS. H. HARRISON. Medium height, producing clusters of fine, full double pink flowers with cream-pink centers. Excellent Pompon, flowers in September.

MRS. H. E. KIDDER. An exceedingly early bright yellow. Very stiff, upright stems producing flowers 7 inches in diameter.

MURILLO. Full flowers of medium size, color is a beautiful shade of pink, medium height. Very attractive October flowering variety.

NELLIE KLERIS. Large clear pink flowers produced on long stems, excellent for cutting. Flowers in September.

NORMANDIE. A tall growing variety producing large cream white flowers the first part of October.

OCTOBER GIRL. Clear rose pink, individual flowers 2 inches across with several growing on the same stem. Flowers in October.

ORANGE PERFECTION. Bright orange colored flowers of duplex form with a golden halo. Flowers in October.

PERSIA. Well formed semi-double blooms of deep rosy carmine, compact growth. Flowers in October.

PRINCESS. An elegant single flower with many long, graceful pure white petals set off by the small golden yellow center. Flowers in September.

PROVENCE. Soft pink blended with yellow. Compact in growth, very free. First rate in every way.

PURITAN. Daisy type, strong grower, profuse bloomer and tall grower. Flowers are white with a lilac tint, blooms in October.

RAGGEDY ANN. Well named; Daisy type. Bright red flowers with bronze centers. Strong growing variety flowering first part of October.

RED FLARE. The first bright red garden variety. It is of the Pompon type, about 2 inches in diameter, a little larger than the varieties belonging to the intermediate section. Height 20 inches; strong upright growth. Matures about the middle of October.

RAPTURE. Lovely, medium sized, double flowers combining a beautiful deep orange with a lively suffusion of bright carmine. Flowers in September.

RED & GOLD. Autumn red, the incurving petals are tipped gold. This variety carries with it the autumn atmosphere.

RUTH MARION HATTON. Decorative Pompon type, one of the earliest to bloom. Color is bright canary yellow, flowering from September on.

The Set of Koreans That Made Good

The six varieties we offer here received nation-wide attention last year. We believe they were advertised more than any other type of Chrysanthemum recently introduced. As a result of this extensive advertising there was an excellent distribution which means this coming spring your trade will demand these Chrysanthemums in a large way.

They have now been tried out practically from coast to coast. As far as we are able to learn they were very much admired and are being praised for their distinctive beauties. Many purchased only small quantities for trial purposes. Now the people in the trade are expressing their desire to handle these on a large scale, convinced that this spring these Chrysanthemums will provide good profits, due of course to the expected lively demand. The prices are now down where this set can really be sold almost in line with other types of Hardy Chrysanthemums.

We are at this time propagating large quantities. Our rooted cuttings will be ready for shipment from the middle of February on, 2" pot plants from April 1st on.

APOLLO. Superb autumn color, a sparkling combination of bronze, red, and gold suffused with glowing salmon. The single flowers, 2 inches across, are produced in immense sprays. It has an exceptionally long flowering period due to its excellent texture, which resists frost well. Height 2½ feet. October.

CERES. A lovely combination of old-gold, chamois-yellow, and soft coppery bronze. The mature flower petals appear as if dusted with gold. Handsome, sturdy plant producing a quantity of nicely formed single flowers on branching sprays. A beautiful bit of color for the fall garden. Height 2 to 2½ feet. October.

DAPHNE. Altogether a new shade of pink to the Chrysanthemum, it is an exquisite blending of Daphne-pink, with an under-lying sheen of lilac rose, enhanced with prominent golden stamens in the center. The single flowers, 3½ inches in diameter, carried in graceful sprays, are especially frost resistant. Fine, healthy-growing habit. Height 2 to 2½ feet. October.

DIANA. A new color-note for the garden. Chantenay-rose-pink, mingled with lilac-rose to soft salmon, the tones of which vary with the degree of light. The triple rays of petals give an appearance of fullness that is none the less dainty. Height 2 feet. October.

MARS. For those who prefer depth and brilliancy of color in the garden. Deep amaranth-red, changing to wine-red, overlaid with a velvety sheen. A distinct and striking color effect. Height 2 to 2½ feet. October.

MERCURY. The nicely formed, 3-inch single flowers open bronze red and change to coppery bronze as they mature, a charming effect in the garden. These graceful sprays when cut keep exceptionally well, lasting two or three weeks. Height, 2 feet. September.

Rooted Cuttings, Per 100, \$7.00; Per 1000, \$60.00.

Hardy Chrysanthemums - Standard Varieties

Field Grown Clumps Only

Year by year we are continuing to plant out practically everything new that comes along in the field of Hardy Chrysanthemums. As time goes on many of the outstanding new Mums become standard with us and automatically they are added to our regular varieties. While we are continuously adding to our standard list, we are maintaining most of those that we have grown for many years which have proved to be worthy in our climate. The reason for this is that those varieties are still popular and are very much in demand.

ALICE HOWELL. Orange Bronze.

Per 10, \$1.00; Per 100, \$7.00

AUTUMN GLOW. Rose-crimson. Large flowers.

Per 10, \$1.00; Per 100, \$7.00

CARRIE. A beautiful canary yellow. Aster type with incurved flowers of good size. Blooms most profusely.

Per 10, \$1.00; Per 100, \$7.00

DORIS. A bronze variety with very short crisp petals.

Per 10, \$1.00; Per 100, \$7.00

ELKTON. Profuse, very compact, multi-petaled flowers of dollar size, bluish white slightly tinged lavender.

Per 10, \$1.00; Per 100, \$7.00

EVA. Dwarf, deep pink. Early. Large.

Per 10, \$1.00; Per 100, \$7.00

Per 10, \$1.00; Per 100, \$7.00

LITTLE BOB. Bronze Button.

Per 10, \$1.00; Per 100, \$7.00

JAPANESE MOUNTAIN. From our Japanese source of supply, we are advised that this Chrysanthemum is extremely hardy. The color range includes striking colors in the Chrysanthemum family. They will grow to a wild bush if left by themselves. If pinched two or three times good shaped bushes can be obtained. By properly pinching and staking, you can grow them to showy and artistic weeping styles of hanging or spray pot plants which should find a ready market. We offer strong field grown clumps.

Per 10, \$1.00; Per 100, \$7.00

MRS. F. H. BERGEN. Midseason, flowering of medium height. Large, pale pink flowers with deep pink centers.

Per 10, \$1.00; Per 100, \$7.00

New Early Hybrid Korean Mums

Offered for the First Time, Spring 1936

The following varieties of these New Korean Hybrids are the result of several years' work. Selections were made not alone for the novel color tones but most particularly because of their flowering ten days to two weeks earlier than the former set of Koreans.

You know of the immense popularity of the first group of Korean Hybrids. These new discoveries are entirely different, both in color tones and their flowering season which because of being earlier is one of the big advantages.

We are offering these new varieties for the first time this spring. If you are a lover of Chrysanthemums, we hope very much that you will give them a trial. You will note that we are offering these at a very reasonable price. We will have all varieties ready for shipment from 2" pots from April 1st on.

CLIO. Dwarf compact plant of pleasing habit producing masses of deep carmine rose duplex flowers.

FORTUNA. Very vigorous plant of medium height and covered with unique curly petaled ox-blood flowers 3 to 4 inches in diameter. Very striking.

HESTIA. The nicely formed semi-double flowers are very freely produced on compact bushy plants of medium height. The color is a very delicate rose pink with a white halo around the small yellow disc.

JUNO. Very dwarf compact plant, producing an abundance of single flowers opening a coppery red, and fading with age to a salmon flesh.

NIOBE. A vigorous healthy plant of dwarf compact habit. Flowers over 2½" in diameter of a clear glistening white with yellow disc are freely produced fully covering the plant.

NYSA. A large rather tall upright plant growing 2½ to 3 feet in height and producing a great abundance of single flowers 3" in diameter. The color is a very clear rosy lilac.

PSYCHE. Wonderfully dainty 4 to 5 inch single blooms are produced with wiry stems on strong healthy plants of medium height. Color, a clean, lively shell pink.

SAPPHO. Compact dwarf plant covered with good sized pure yellow single flowers.

THALIA. A compact bushy plant growing 18 to 24 inches in height. The duplex flowers are of a lively orange shade and excellent form.

VESTA. A plant of medium height and great vigor literally covered with flowers over 2½" in diameter of a deep golden orange shade, almost a duplex.

PRICE: 2" Pot Plants, Per 10, \$3.00; Per 100, \$25.00.
25 of any one variety at 100 rate.

CHRYSANTHEMUM MAXIMUM

Shasta Daisy or Moonpenny

In the garden they are classed among the most known Hardy Plants. They also hold an important position as desirable cut flowers.

ALASKA. A decided improvement on the original; with blooms 4½ to 5 inches across of pure glistening white. Very free-flowering and in bloom all summer and fall. 2 feet.

Per 10, \$1.00; Per 100, \$7.00

ARCTICUM (Arctic Daisy). Among fall flowering perennials this is one of the best. It forms an attractive clump of dark green foliage, and in September multitudes of white flowers, slightly tinged rose or lilac, 2 inches wide, appear. September to November.

Per 10, \$.85; Per 100, \$6.00

BURBANK'S SHASTA DAISY. Strong vigorous grower producing an abundance of large pure white flowers.

Per 10, \$1.00; Per 100, \$7.00

Per 10, \$1.00; Per 100, \$7.00

DOUBLE WHITE SWAN. See Page 2.

ELDER DAISY. This Daisy is now recognized by all for its earliness of flowers and it is being used for forcing quite extensively with very good results. Out of doors they are always in flower for Decoration Day.

Per 10, \$1.00; Per 100, \$7.00

ETOILE D' OR. Another of the large flowering English type, producing the largest and best flowers of any we have. July to September.

Per 10, \$1.50; Per 100, \$10.00

MAY QUEEN. The Memorial Day Daisy. Bloom begins early May; height 2 ft.

Per 10, \$1.00; Per 100, \$7.00

Shasta Daisy, Alaska

CRUCIANELLA

STYLOSA (R). Blooms practically all summer from May to November, masses of rose pink flowers in terminal clusters. It forms dense carpets of foliage which creep and cover the ground. Does well in shade, part shade or sun.

Per 10, \$1.00; Per 100, \$7.00

CORYDALIS

Attractive dwarf growing hardy perennials. They have prettily divided green glaucous foliage. Suitable for the margins of borders or in the rock gardens.

CHEILANTHIFOLIA. Handsome variety with fern-like foliage and long spikes of yellow blossoms. 10 to 12 inches in height. Prefers rich, well drained soil. Very rare and perfectly hardy; does well in shade.

Per 10, \$1.50; Per 100, \$10.00

COREOPSIS

Tickseed

A useful and attractive herbaceous perennial, both for border and cut flowers. They are of easy culture and produce their golden yellow flowers in profusion throughout the summer.

DIADEM AURICULATA SUPERBA. Grand novelty, very free growing, large yellow flowers with dark blotch in center.

Per 10, \$1.00; Per 100, \$7.00

DOUBLE YELLOW IMPROVED. These plants are grown from seed and as you know we do not allow them to flower in our nurseries. They are biennials. Our Coreopsis are one year field grown and we are unable to say just what percentage of them will come double. However, we are advised by our sources of supply that a fairly good percentage will come double flowering. In making your purchase please do not expect them all to be double.

Per 10, \$1.50; Per 100, \$10.00

LANCEOLATA GRANDIFLORA. A beautiful hardy border plant, grows 15 to 18 inches high, and produces its bright flowers in great profusion. By cutting off all old flowers it will bloom until Fall.

Per 10, \$1.00; Per 100, \$7.00

MAYFIELD GIANT. This fine new Coreopsis of Australian origin is a considerable advancement on any strain yet introduced. It produces taller, more vigorous plants, with longer, firmer stems, and larger individual flowers, having broader petals, forming a more perfect corolla. Flowers yellow.

Per 10, \$1.00; Per 100, \$7.00

VERTICILLATA. Slender habit, linear whorled leaves, yellow dark disc; elegant.

Per 10, \$1.00; Per 100, \$7.00

Delphinium, Blackmore & Langdon Hybrids

DICENTRA

Bleeding Heart or Seal Flower

CANADENSIS (Squirrel Corn). Grows to a height of one foot, producing greenish-white flowers tinged with purple, with short rounded spurs, nodding in simple racemes.

Per 10, \$1.00; Per 100, \$7.00

EXIMEA, (Plumy Bleeding Heart). A dwarf growing sort with beautiful finely cut foliage and showy racemes of pretty pink flowers through the entire season. Grows about 15 inches high.

Per 10, \$1.25; Per 100, \$8.00

SPECTABILIS. An old-fashioned favorite; its long racemes of graceful heart shaped pink flowers in May or June are always attractive; it is used largely for forcing, and is perfectly at home in any part of the border, and especially valuable for planting in the shade. Height 1 to 2 feet. Perfectly hardy and easy to cultivate.

Per 10, \$2.50; Per 100, \$20.00

DICTAMNUS

Gas Plant

The Dictamnus is one of the most satisfactory hardy plants in cultivation, both on account of its splendid flowers and its rich durable foliage.

FRAXINELLA RUBRA. A very showy border perennial, forming a bush about 2½ feet in height, having fragrant foliage and spikes of rosy pink flowers with deeper veins during June and July. Requires a heavy strong soil, and an open sunny position. It is not advisable to transplant often, as it improves with age, it being one of the most permanent features of the hardy herbaceous border.

Per 10, \$1.50; Per 100, \$10.00

FRAXINELLA ALBA. The white flowered form of the above.

Per 10, \$1.50; Per 100, \$10.00

DELPHINIUM

Perennial Larkspur

Indispensable to the herbaceous garden. Their long showy spikes of flowers persist from June till frost and furnish the most satisfactory blues to any color scheme.

BELLADONNA. The most continuous blooming of all, never being out of bloom from June first until cut down by hard frost. The clear turquoise blue of its flowers is not equalled for delicacy and beauty by any other flowers.

Per 10, \$1.00; Per 100, \$7.00

BELLAMOSUM. This is a dark blue form of the popular light blue Belladonna, with which it is identical in habit and growth, freedom of bloom, but with intensely rich, deep blue flowers.

Per 10, \$1.60; Per 100, \$7.00

BLACKMORE & LANGDON HYBRIDS. For many years, we have grown many different strains of Delphinium having in mind to supply our customers with the best obtainable. This strain without a doubt stands in a class by itself. It has the range of colors well divided in the pale shades of Indigo with a strong run of the most delicate shades of rose, double and single.

Per 10, \$1.50; Per 100, \$10.00

Belladonna Improved Cliveden Beauty

Our strain of Belladonna Improved is produced from stock seed of Cliveden Beauty, carefully selected to keep it absolutely pure and true to type. It is far superior to much of the so-called Belladonna Improved that is on the market today. We can thoroughly recommend it to the florist or nurseryman who really is critical and wants the best to be had. It is the finest light blue for forcing or for outdoor growing.

Per 10, \$1.50; Per 100, \$10.00

ICEBERG. As far as we know the Iceberg is the truest type of Delphinium in cultivation. However, they are not all pure white. Occasionally you will find off colors. On the other hand, we recommend this variety and if you are of the belief that you would like a White Delphinium, if you will purchase a small quantity, a large percentage of same will produce desirable white flowers.

Per 10, \$1.50; Per 100, \$10.00

LAMARTINE. Deep blue like Bellamosum but a more lively, brighter shade. Slender stems and somewhat taller growing than Bellamosum. The foliage is distinct, handsome deep green, lacinated. Good forcing and cut flower strain, the individual flowers having good substance.

Per 10, \$1.50; Per 100, \$10.00

MARTIN'S SUPERB WREXHAM HOLLYHOCK STRAIN. This is a magnificent strain producing stately tall spikes in light, medium and dark shades, from the lightest lavender to the deep rich blue shades.

Per 10, \$2.00; Per 100, \$15.00

CHINESE VARIETIES

These varieties are graceful plants, spikes loosely arranged, excellent for cutting or garden display.

BLUE BUTTERFLY IMPROVED or TOM THUMB. Rich Ultra-marine blue. Dwarf plants only a foot high. Excellent for border or Rock Garden.

Per 10, \$1.50; Per 100, \$10.00

CAMBRIDGE BLUE. Clear Belladonna blue, flowers with good cutting stems, 3 feet tall.

Per 10, \$1.50; Per 100, \$10.00

Digitalis, or Foxglove

DIGITALIS

Foxglove

For stately and picturesque beauty it is not to be surpassed, and, planted in masses in the garden among shrubs or naturalized on the edge of woods, in the orchards or along brooks, it is extremely effective and satisfactory. It is a biennial, but, as it renews itself from self-sown seed, it may be treated as a perennial.

ERICA OR CALLUNA

Heather—Nice Field Grown

We have grown Ericas for four years and are continuing a large propagation. In the months of July and August practically all varieties are in full flower and they are really magnificent, so different than most plants. They are an evergreen, at the same time producing flowers the full length of the stems and are very ornamental.

We are convinced that there is nothing that can be used to the same advantage as the Ericas or Callunas for bordering a planting of Azaleas or Rhododendrons. They also make a nice showing in rock gardens, thriving in acid soil and for shady locations will do well in neutral soil. Taking into consideration their value for these types of plantings they are worth a great deal.

HAMMONDI PINK. A magnificent pink variety which grows strong and makes quite a large bush.

Per 10, \$3.00; Per 100, \$25.00

GYPSOPHILA BRISTOL FAIRY

A Double Gypsophila of greater vigor, producing large panicles of flowers, having the advantage of blooming more or less continuously all summer. This variety is really too well known in the florist trade to go into further description.

The plants we will supply this spring we grafted from field grown scions last June. They were then established in 2" pots; in early fall they were shifted into 3". Throughout the winter months they were pinched back two or three times maintaining most of the vitality in the roots.

This method of treatment is far superior to the plants that are propagated with the older method of just simply grafting. These plants will produce a nice crop of flowers from thirty to forty days after planting. By removing the flowers at that time they will come back again in early fall with another nice crop of flowers. Of course from thereon they will produce for you heavier crops each year.

It is advisable to place your orders as early as possible. We have large quantities on hand at this time. However, this is an item that is generally booked up before the shipping season. By ordering early we will reserve the plants for you until proper time for planting.

We offer strong established 3" pot plants.

Per 10, \$2.50; Per 100, \$20.00

GYPSOPHILA

Baby's Breath

Does well in rather dry places. Valuable for "mist effect" in bouquets and in the garden where a mass of delicate, misty bloom will fill a bare place.

Novelty Floral Arrangements

Created at
F. T. D. Convention
at Pittsburgh

Bridesmaid

A beautiful basket made up with Amarilla Belladonna and Buddleia Superba. Please note that the Buddleia are unusually large and their color is lavender with a rose tint. This real novelty arrangement was made at the F. T. D. School in Pittsburgh.

Mother's Day Novelty

This was considered one of the outstanding achievements. In the arrangement were used 18 short stemmed Joanna Hill Roses, a few Lavender Larkspur, 12 Spikes of Liatris and Delphinium Hybrids.

In the assortment of hardy flowers, Liatris Scariosa, due to its striking lavender color is in great demand for various types of floral arrangements.

Novelty For New Arrival

This entire arrangement consists of six sprays of Valley, one bunch of Finch Roses, two yards of light pink shower ribbon, one yard of lavender shower ribbon and twelve spikes of Delphinium. Please note the important part the Delphiniums play in this basket.

Bon Voyage Basket

Artistic arrangement of Delphinium with various other hardy flowers. Please note center piece trimmed with ribbons can be removed from basket and worn as a corsage while traveling.

LILIUM

ALBUM. About the same as the well-known *Lilium Speciosum Rubrum* except that the flowers are white. August and September.

Per 10, \$2.00; Per 100, \$15.00

AURATUM, (Gold-Banded Japan Lily). Undoubtedly one of the finest. Its large graceful, fragrant flowers are composed of six petals of a delicate ivory-white color, thickly studded with chocolate-crimson spots and striped through the center a golden yellow; 3 to 5 feet. July to September.

Per 10, \$2.00; Per 100, \$15.00

CERNUM. Lovely pink flowers, pine-leaved. We consider this an interesting novelty in the assortment of Hardy Lilies in cultivation. As far as we know, it is an origination of Japan. Nature of growth is similar to the variety *Tenuifolium*, however, it is much stronger, producing from 5 to 10 flowers to each stem.

Per 10, \$2.00; Per 100, \$15.00

CONCOLOR. Upright scarlet-crimson flowers; lovely.

Per 10, \$2.00; Per 100, \$15.00

DAVURICUM. Flowers of rich orange shade, flushed red and spotted black. June and July. 2 feet.

Per 10, \$2.00; Per 100, \$15.00

ELEGANS. Very hardy dwarf lilies, erect flowers of orange and red.

Per 10, \$1.50; Per 100, \$10.00

HENRYI. Rich deep orange-yellow flowers, a beautiful Lily.

Per 10, \$2.00; Per 100, \$15.00

MAGNIFICUM. Magnificent, large, ivory white flowers suffused with rosy crimson and attractively spotted with pink. Blooms in August and September.

Per 10, \$2.00; Per 100, \$15.00

REGALE OR MYRIOPHYLLUM. The Regal Lily. Large white trumpet slightly suffused with pink outside and a beautiful shade of canary yellow in the center. Stigma and stamens bright orange. Without question this is the most beautiful out of doors Lily. They will bear from six to fifteen flowers, extra large trumpets. For large floral pieces, sprays or baskets, there is nothing that will quite equal their beauty. This variety is grown very extensively by all growers. Accordingly the price of the bulbs is very reasonable. If you have any demand at all for summer cut flowers, you should have a nice planting of Regal Lilies. We have seen many high-priced baskets made up with these Lilies. When the Florist takes into consideration the actual price of the bulbs he makes a big profit on his investment.

4-5 inch circumference.

Per 10, \$1.00; Per 100, \$7.00

6-7 inch circumference.

Per 10, \$1.50; Per 100, \$10.00

SUPERBUM, (Swamp Lily). Graceful stems five to six feet, terminating in a pyramid of bright orange crimson flowers.

Per 10, \$1.00; Per 100, \$7.00

TENUIFOLIUM. A small slender growing Lily, not more than eighteen inches high, with bright scarlet flowers and recurved petals. One of the prettiest little Lilies in cultivation.

Per 10, \$1.50; Per 100, \$10.00

TIGRINUM FL. PL. (Double Tiger Lily). The only double Tiger Lily worth growing.

Per 10, \$1.50; Per 100, \$10.00

TIGRINUM, VAR. SPLENDENS. By far the best form of Tiger Lily we have had. It is taller, with handsome, large flowers and a much healthier plant.

Per 10, \$1.00; Per 100, \$7.00

WILMOTTIAE. A pretty free-flowering species from China; of graceful habit with rich green, slender foliage and bearing about twenty brilliant orange-red flowers measuring 3 inches across with recurved petals freely dotted with brownish spots. Height 4 feet.

Per 10, \$2.00; Per 100, \$15.00

VENUSTUM FUJIIHIRATA. A little on the order of the Tiger Lily, flowering two weeks in advance, producing from 5 to 10 flowers on each stem. Instead of the flowers being heavily marked, the markings on this variety are soft and the color more pleasing, having fine foliage contrasting well with the orange shadings of the flowers. We believe this Lily is worthy of much praise.

Per 10, \$2.00; Per 100, \$15.00

LILY-OF-THE-VALLEY

Convallaria

The most familiar hardy perennial we list. An excellent plant for shady situations. Spikes from 8 to 10 inches high. Small bell shaped pure white flowers, blooming in early Spring. Very fragrant. 3 year clumps.

Per 10, \$2.00; Per 100, \$15.00

This basket of *Lilium Superbum* was made up for a large decorating job. We are convinced that the basket creates as much beauty as any that can be made with flowers grown in greenhouses. The material used is very little, possibly twenty good stems of *Lilium Superbum* and a few *Achillea Perry's White* and *Boule De Neige*, for filler.

LUPINUS

The Lupines produce beautiful long spikes of pea shaped flowers about a foot long on stems three feet high. They are perfectly hardy but cannot endure drought and must be planted in well prepared soil and kept watered in dry weather.

PEONIES

It has been said that the Peonies are the poor man's Rhododendron. We believe that they are even more than that. When they are once planted and become established they last for many years. Their deep green foliage is always an ornament in any style of planting. In addition to the foliage, in season the Peonies produce flowers that everyone really admires. They are very easily cared for and it seems that with the years they continue getting better.

A few years ago a planting of Peonies represented a big investment. This we believe slowed up their sales. We never asked high prices for our Peonies, instead we propagated the varieties we paid big money for and produced them in quantities so that we could sell them to our customers at what we consider reasonable prices. There are many Peonies on the market now at ridiculously low prices. We believe that most of these are dug from neglected fields and are poor in vitality. Such a Peony is too expensive at any price. If a Peony once goes down in vitality it never regains. For the reason that we have cultivated our fields continuously, we now have one of the best assortments in existence and our plants are first class in every respect. Giving this all due consideration, you will find that our prices are very reasonable. Whether you buy small or large quantities you will find our Peonies a real good investment.

ALBATRE. A magnificent flower which opens like a rose. Pure white with a few pencilings of carmine on the edge of center petals. Fragrant; crown type; late midseason. An old variety, but one that will stand comparison with anything there is.

Per 10, \$2.00; Per 100, \$16.00

ALBERT CROUSSE. Large, very full convex blooms of soft shell-pink.

Per 10, \$2.50; Per 100, \$20.00

Per 10, \$2.00; Per 100, \$16.00

WALTER FAXON. Color is soft coral-pink, shaded lighter at the ends of the petals and deeper rose-pink at base. The concealed golden stamens add a salmon reflection through the pink of the petals. It is medium tall and vigorous. Mid-season. As a show flower, it is one of the most distinct Peonies and should rate at the top of all pinks.

Per 10, \$3.50; Per 100, \$30.00

SINGLE AND JAPANESE PEONIES

In all the investments that we have made in Peonies, until just recently we did not fully appreciate the Single and Japanese flowering types. Not long ago we had the opportunity to examine a long list of varieties and on very close checking we chose the following sorts which we like very much. They carry certain characteristics which to the real lover of flowers is striking. If you do not have these varieties we advise that you give them a trial.

EXQUISITE FIRST. A truly exquisite variety. Flowers are large with cupped guard petals of purest white enclosing a pale sulphur-yellow center which changes to white as the flower opens.

Per 10, \$4.00; Per 100, \$35.00

FUYAJO (Japan). One of the most distinct of all Japanese varieties. Outer petals dark rich mahogany-red surrounding a full center of broad transformed flat petaloids of same dark red; tipped chamois.

Per 10, \$5.00; Per 100, \$45.00

GOLDMINE. Japanese type, deep vinous red petals with golden stamens.

Per 10, \$6.00; Per 100, \$50.00

MADLINE GAUTHIER. Early mid-season. An exquisitely beautiful flower with petals of silvery flesh pink, surrounding golden stamens.

Per 10, \$6.00; Per 100, \$50.00

MARIE JACQUIN. The water-lily Peony. Semi-double, cup-shaped white flowers, borne in great profusion. Beautiful landscape variety. Mid-season.

Per 10, \$2.00; Per 100, \$16.00

Per 10, \$6.00; Per 100, \$50.00

Oriental Poppies

New and Unusual Varieties

Due to the efforts of the recently organized Poppy Societies, there has been a great deal of interest displayed in behalf of the Oriental Poppies. It is our understanding that these people are doing a great deal of work toward the betterment of Poppies and it must be admitted that they deserve a great deal of credit.

As a result of this immense interest we now find in cultivation the most gorgeous Poppies that this land has ever known. To date there has been a little trading of the better varieties but mostly within the society members. We were very fortunate in being able to purchase from one of these specialists and with his help in making our selection, we believe we have here an excellent assortment. We are very pleased to be able to offer these new varieties to our wholesale customers.

All plants will be shipped from 2½" pots. Therefore, they can be planted with success throughout the spring months. If you happen to be a fancier of Poppies, you should by all means make a purchase of at least a few of each variety.

TERMINALIS. One of the best ground covering plants, averaging 6 to 8 inches in height and branching freely into a dense mat. Its shapely indented foliage is practically evergreen; thick, rubbery, lustrous dark green. It bears small spikes of light colored flowers during May and June. As a border for walks and drives it is most attractive; also splendid for steep slopes in sun or shade and for dense shade under any kind of trees.

Per 10, \$1.50; Per 100, \$10.00

PENSTEMON

Beard-Tongue

Few genera among the popular hardy perennials afford a greater number that are so attractive. Their natural gracefulness, variety of colors, and great abundance of flowers make them useful in many places. Though hardy as a rule, too much frost with an excess of moisture in winter seems to be fatal to most of this genus. The flowers are tubular and like foxglove in shape.

BARBATUS TORREYI. Spikes two feet long of bright scarlet flowers from June till August. A very effective plant for the border.

Per 10, \$1.00; Per 100, \$7.00

HETEROPHYLLUS. Dwarf, free blooming species, flowers metallic-blue from June until September. Excellent for the sunny border; good cut flower.

GRANDIFLORA VIVID. A new variety growing from 18 to 24 inches high with flowers much larger than the type and of a bright violet mauve.

Per 10, \$1.00; Per 100, \$7.00

VIRGINICA ALBA. Very fine pure white.

Per 10, \$1.00; Per 100, \$7.00

VIRGINICA ROSEA. Forms large clumps 3 to 4 feet high, bearing long spikes of delicate pink flowers in July and August.

Per 10, \$1.00; Per 100, \$7.00

PLATYCODON

Balloon Flower

The Platycodons are closely allied to the Campanula and form neat, branching bushes of upright habit, 2 to 2½ feet high, producing their attractive blue or white flowers from July to October. They are very satisfactory hardy plants for the sunny border.

GRANDIFLORA. Blue, 18 inches. June to October. Large, showy, deep blue flowers. Good for rock garden and border.

Per 10, \$1.00; Per 100, \$7.00

GRANDIFLORA ALBA. White-flowered form of the above.

Per 10, \$1.00; Per 100, \$7.00

PLUMBAGO

Leadwort

LARPENTAE. One of the most desirable border and rock plants. It is of dwarf, spreading habit, growing 6 to 8 inches high, covered with deep blue flowers during the summer and fall. The flowers are borne in small clusters just above the foliage. Does well in the rock garden in full sun or light shade.

Per 10, \$1.50; Per 100, \$10.00

PAPAYER NUDICAULE

Iceland Poppy

These plants are of neat habit, forming a tuft of bright green foliage, from which spring, throughout the entire season, a profusion of slender, leafless stems 1 foot high, each graced with charming cup-shaped flowers. Very valuable in the sunny border or rock garden. Their brilliant flowers are produced all summer.

AURANTIACUM ORANGE.

Per 10, \$1.50; Per 100, \$10.00

COONARA PINK. This delightful new Iceland Poppy comes from Australia and adds a new and exceptionally lovely color to this class, a charming, warm rose-pink, faintly suffused with salmon-pink combining the pink and salmon shadings in wonderful delicacy. Flowers are freely produced on long slender stems throughout the season.

Per 10, \$1.50; Per 100, \$10.00

EL MONTE. New. Enormous sized blossoms of a vivid orange tangerine color. Long graceful stems.

Per 10, \$1.00; Per 100, \$7.00

FAKENHAM HYBRIDS. This strain we are growing for the first time. It is a strong grower, producing larger flowers than the named varieties of the Iceland Poppies. This strain covers a nice range of colors from white to the deepest orange. Makes a big show.

Per 10, \$1.50; Per 100, \$10.00

GARTREF STRAIN. A selection of delicate shades, such as creams, buff, amber and apricot, with the lighter pinks also. Most of the flowers have edges picoted with darker shades adding to the attractiveness. Flowers of good size.

Per 10, \$2.00; Per 100, \$15.00

GIBSON'S GIANT. Extra large orange flowers.

Per 10, \$1.00; Per 100, \$7.00

Iceland Poppy, Sanford's Giant

MARTIN'S NUDICAULE HYBRIDS. This strain covers a very good range of colors. While these plants were in flower this spring, we especially noted that they were of the large flowering type. For anyone who wishes an assortment of colors in Iceland Poppies we recommend this strain very highly.

Per 10, \$1.00; Per 100, \$7.00

SANFORD'S GIANT STRAIN MIXED. The finest strain we have ever seen. The flowers are immense silken cups in a great variety of shades from the lightest pinks and creams through salmon and scarlet. The length of stem is another outstanding feature, many of them being 2 to 2½ feet.

Per 10, \$1.50; Per 100, \$10.00

PHLOX

This is one class of plants that we always have heavy calls for. Annually we grow in the neighborhood of 300,000 plants. Last fall it seems that our orders for Phlox were even larger than previously and the result is that we have sold entirely out of a good many varieties. For this spring we have the following list to offer. While it is much shorter than last fall, at the same time we are very glad that we have a nice assortment of varieties in good quantities.

AUSTRALIS. Salmon-red.

Per 10, \$1.50; Per 100, \$10.00

BETTY LOU. Without question the outstanding salmon-pink Phlox. In our nurseries it is so distinct from other Phlox of this type, that it is distinguishable from a great distance.

Per 10, \$1.50; Per 100, \$10.00

BRIDESMAID. Pure white with large crimson-carmine eye.

Per 10, \$1.00; Per 100, \$7.00

CHAMPION. One of the pleasing old rose types. Very free flowering. It is also somewhat distinct in the general run of pink phlox.

Per 10, \$1.50; Per 100, \$10.00

COLONIAL. Strong grower, extra large light blue flowers, blooming for a long period of time.

Per 10, \$1.00; Per 100, \$7.00

CREPESCULE. Silvery mauve, carmine eye.

Per 10, \$1.00; Per 100, \$7.00

ECLAIREUR. Brilliant rosy Magenta, white eye. July-August. 32 inches.

Per 10, \$1.00; Per 100, \$7.00

ENCHANTRESS. Bright salmon-pink with dark eye, resembling Elizabeth Campbell in color, but of much stronger growth and rich green, glossy foliage.

Per 10, \$1.50; Per 100, \$10.00

FUERBRAND, (Fireglow). New, brilliant orange-scarlet sometimes almost vermilion. Flowers very freely and blooms are produced in quantity throughout the entire season. Of medium height, and one of the most brilliant Phlox known.

Per 10, \$1.50; Per 100, \$10.00

FERDINAND CORTEZ. Purple red. 2 feet.

Per 10, \$1.50; Per 100, \$10.00

INNOCENCE. Pure white; large; tall.

Per 10, \$1.50; Per 100, \$10.00

JOHNSON'S FAVORITE. Light salmon-pink with a dark red eye, resembling Elizabeth Campbell, but superior in every way. Strong grower.

Per 10, \$1.50; Per 100, \$10.00

JULES SANDEAU. Large, fine, very free flowering; pure watermelon-pink; rapid grower, one of the best varieties in cultivation. July-August. 20 inches.

Per 10, \$1.50; Per 100, \$10.00

MISS LINGARD. Pearly white flower, with delicate pink eye, very remarkable bloomer, producing two or three crops of flowers during the season; indispensable as a cut flower for Florists' use. It is the best early White Phlox known.

Per 10, \$1.50; Per 100, \$10.00

PAPAYER ORIENTALE

Oriental Poppy

BRACTEATUM. Like P. orientale, but with extremely large, blood-red flowers, not spotted, shaded orange.

Per 10, \$1.00; Per 100, \$7.00

MINIATURE HYBRIDS (R). Of dwarf growth, somewhat smaller flowers in various shades.

Per 10, \$1.50; Per 100, \$10.00

MARTIN'S EXCELLENT HYBRIDS. This mixture is far superior to ordinary Oriental Hybrids as it really contains all shades known to Oriental Poppies, from blush white to deep purple and all intermediate shades of scarlet salmon, rose, etc.

Per 10, \$1.50; Per 100, \$10.00

ORIENTALE (Oriental Poppy). Tremendous scarlet, cup-shaped blooms of brightest crimson-scarlet, with large, purplish black blotches at base of petals, creating a wonderful contrast when bloom is fully open. Clumps of these throughout the border add a brilliancy that no other flower can provide.

Per 10, \$1.00; Per 100, \$7.00

MRS. W. G. HARDING. Deep salmon-pink.

Per 10, \$1.50; Per 100, \$10.00

PAINTED LADY. (Tall). This delicate colored sort is one of the most pleasing in our entire collection. Strong upright growth and large masses of flower heads. Silvery pink, with salmon shadings and cherry red eye.

Per 10, \$1.50; Per 100, \$10.00

PREMIER. Soft Amaranth-red. Very pleasing. Of this class, we consider this one of the best.

Per 10, \$1.50; Per 100, \$10.00

RHEINLANDER. Beautiful salmon-pink with claret red eye. Individual trusses of immense size. A splendid variety of good growing quality and excellent habit.

Per 10, \$1.00; Per 100, \$7.00

R. P. STRUTHERS. Rosy carmine shaded orange scarlet.

Per 10, \$1.00; Per 100, \$7.00

Per 10, \$1.00; Per 100, \$7.00

VESTA. Bright cherry red, large trusses.

Per 10, \$1.50; Per 100, \$10.00

WINEDOT. Like Bridesmaid, nature of growth stronger. In our fields it produces a heavier crop of flowers. Instead of the sharp markings, in this variety the center of the flower is circled with a pleasing tone of mauve blue. The little stamens are also in full harmony with the make-up of the entire flower.

Per 10, \$1.00; Per 100, \$7.00

PHLOX SUBULATA

Moss Pinks

An early Spring-flowering type with pretty mosslike, evergreen foliage, which during the flowering season, in April and May, is hidden under the masses of bloom. An excellent plant for the rockery, the border, and invaluable for carpeting the ground or covering graves.

ALBA. Pure white flowers completely covering the neat compact plant in May; a lovely thing for the rock garden.

Per 10, \$1.00; Per 100, \$7.00

APPLE BLOSSOM. Color is very pleasing, a real apple blossom pink.

Per 10, \$1.50; Per 100, \$10.00

ATROPURPUREA. A distinct form of Phlox subulata, a very free bloomer; strong grower and of the color of Phlox decussata, B. Compté, with a slightly darker eye. When in bloom it stands out strikingly and can be distinguished by its deeper red from any other form of Subulata.

Per 10, \$1.50; Per 100, \$10.00

FAIRY. Pale blue with dark purple eye; a beautiful little rock plant. Same habit as Vivid. Slow growing, neat in habit, with compact foliage, not spreading like Lilacina.

Per 10, \$1.50; Per 100, \$10.00

STATICE DUMOSA

The Finest Statice for Drying

Of great value to the Florist, in fact the most valuable of all Statice. In general appearance it resembles the well known Incana Nana variety, which when dried, is being imported from Germany and here used in immense quantities in wreaths and other floral work. Dumosa differs from Incana Nana in having larger individual florets, much brighter in color. Clear silvery white when dry and lavender when fresh. The branched stalks are more than twice the size of Incana, the main stems twice as stout. For these reasons Dumosa is a highly valuable new variety. Height 20 inches. Perfectly hardy without any protection anywhere. We offer field grown plants.

TROLLIUS

They produce a good crop of light lemon to deep orange flowers in the month of May. Following this crop, if growing conditions are normal, occasionally they will have flowers during the entire summer. In the month of September when the weather is again cool, they come back with a fairly good crop which remains until cut down by frost.

We have developed exceptionally nice plants. Our soil condition is ideal. Trollius will grow best on damp cool bottom soil. If you are in position to plant in similar soil, they will give you an abundance of flowers throughout the season. You will be proud to show them to your friends.

ASIATICUS SALAMANDER. Large, open flower, orange.

Perennials *from* Pots

In connection with our propagation for spring plantings, it has been a practice with us to pot up various perennials. In doing this we always aim to select a good assortment for there are so many of our customers who now favor purchasing potted perennials, especially later on in the spring season. These are all fully established in pots before shipping.

The varieties that we do not have in field grown are fully described. Following this list you will find an assortment without descriptions. If you are interested in these certain items, you may consult the regular alphabetical listing for detailed descriptions.

Erica or Calluna

This year for the first time we are making an offering of these valuable plants in 2 ½" pots. While we have enjoyed good sales for the heavy field grown plants, we are of the belief that many of our customers would like to purchase this material in young pot plants for planting out purposes.

We have a real good assortment and every variety we are listing is hardy in northern Ohio. These 2 ½" pot plants will be well established and if planted out this spring they will become real nice field grown material by fall. We consider these Callunas valuable in our plantings and if you are a grower of a general assortment of plant material, they will make worthy additions to your present line.

Roses for Additional Profits

Today Roses are not only sold in dormant stages. The florists are buying more and more Roses in mid-winter; they pot these and hold them in cold frames with the tops protected against damaging frosts. They are placed into 5 or 6 inch pots along in March or April to encourage new growth.

Potted Roses command practically double the price of a dormant Rose. Your customers willingly pay this additional cost for the reason that they actually see the plants in growth and flower. This enables them to select the varieties they like best.

Shrubs

For your special attention, we are listing the following assortment of outstanding shrubs. We are not large shrub growers; however, we have always grown a few acres in addition to our large plantings of perennials. We give our shrubbery careful attention; the few acres that we annually grow are constantly cultivated. They can safely be classed among the very best.

Our landscape customers who purchase perennials from us very often buy shrubs for the same plantings. The assortment listed below we believe will take care of the average job. Therefore, while you are purchasing perennials from us you will find it convenient to also purchase the better known shrubs. This enables you to receive your assortment of perennials and shrubbery from one source.

We feel that our prices as listed are very reasonable, considering the quality. Therefore, we hope very much that you will give our offering of shrubbery your closest attention and if you are in the market, we will appreciate your patronage. We are sure our quality will please.

Rhododendrons, Azaleas, Etc.

In the offerings below you will find listed Azaleas and Rhododendrons. These are considered plants of the better class and are somewhat scarce in the nurseries. They are of a size that can be immediately planted into nursery rows and developed in two or three years.

These plants were started in our greenhouses in the winter, transplanted to flats the same year and grown two years in cold frames. They are bushy and well proportioned, will dig with nice solid balls. The prices at which we offer them are very reasonable. They are beyond their critical stages; from now on they will grow with ease if properly cultivated.

In the event you are interested, we will be very glad to supply samples at our regular price per ten. Your favors will be very much appreciated.

Cotoneaster

Horizontalis

In the list of low growing evergreen shrubs, this variety stands out. It has the true horizontal branches with glossy green leaves, throughout the winter months covered with orange red berries. It is a very attractive plant when used for a low border in any planting. It is also outstanding in a rock garden. Really it is the only shrub that grows from 10 to 12 inches off the ground, its spread being many times that. When the entire top is covered with orange red berries, the whole plant becomes very pleasing to the eye. We offer nice stylish plants in the following sizes.

6-8 in. B. & B. Per 10 \$2.00
8-10 in. B. & B. Per 10 3.00

10-12 in. B. & B. Per 10 4.00

Daphne Cneorum

Garland Flower

Daphne works in well with perennials. Since rock gardening is so popular, there are many being used with assortments of hardy plants. The nature of Daphne is a dwarf bushy plant forming a broad mat of wiry almost prostrate stems covered with dark green leaves, each stem tipped with a dense cluster of rose-pink deliciously fragrant flowers in May and August. Without question it is one of the most beautiful little early flowering shrubs. Since the plants are available in quantity this plant should be included in practically all types of gardening.

Balled and Burlaped 6-8 inches 30c each
Balled and Burlaped 8-10 inches 40c each

Kalmia Latifolia

Mountain Laurel

Grows 8 feet high, with broad, glossy green foliage. The rose-colored flowers, in large and showy clusters at the ends of the shoots are of elegant shape and appear in June. We have developed exceptionally nice plants; we are sure that they will grow well in your planting. Our plants cannot in any way be compared with any collected stock; they are far superior, due to the fact that they have been grown right out in the open sun with field cultivation. Our prices are as follows:

12-15 inches .75 each
15-18 inches \$1.00 each
18-24 inches 1.50 each
24-30 inches 2.00 each

DAHLIAS

We are in close touch with the Cleveland cut flower market and before listing just Dahlias for cutting purposes, we checked up on the varieties that actually sell as cut flowers, even at times when the markets are overloaded. We have consulted our flower dealers and according to their recommendations, we have arranged to list the following. Their statement is that these varieties sell regardless of the quantity of Dahlias available.

Our Dahlia roots are grown by a specialist who understands the production of the Dahlia in order to produce clumps from which good strong well-eyed divisions can be made.

You may buy 25 or more at the 100 rate, not less than six at the dozen rate.

CANNAS FOR THE FLORISTS

You, no doubt, can recall years ago when Cannas were one of the principle items used for bedding purposes. In spring seasons there were immense quantities sold both in the dry root form and later on in 3 inch pots. In recent years the demand again became very lively for good Cannas and they are now very popular for bedding purposes.

There are many things that can be said in favor of Cannas. After planting, they will make a very quick growth and start flowering in the month of July, continuing until cut down by frosts. After a few freezings, they can be dug, placed in a dry basement and held over until the following spring.

We have selected a short list of desirable varieties, fully covering the color range. These will be ready for shipment any time throughout the winter. If you sell bedding plants, you can purchase these roots from us, pot them into 3 inch pots and develop nice plants. When grown this way, they command a good retail price. By having them in pots, you can also extend your spring selling season, including the month of June. We believe that you will find the Cannas a worthy addition to your list of bedding plants.

Our Canna roots are grown by an expert under proper conditions to produce the very best quality.

You may buy 25 at the 100 rate, 250 at the 1,000 rate.

STATUE OF LIBERTY. 6 to 7 ft. Flowers are blazing flame-red. The foliage is of a rich, luxuriant bronzy shade and the leaves are larger than any Canna we know.

Per 100, \$3.75; Per 1000, \$32.00

WHITE CANNA

EUREKA. White. 3½ ft. Also called Mont Blanc and Snow Queen. Foliage is light green; heavy, strong, low growth with large compact heads of blooms. One of the very finest of all Cannas. Color is creamy white, the whitest of all, with very faint lavender stippling in throat. Wonderful bedder.

Per 100, \$4.50; Per 1000, \$40.00

PINK CANNAS

CITY OF PORTLAND. Deep Rose. 3½ ft. Very good growth and beautiful bloom. Green foliage; 8 to 10 medium large blooms open at a time. Color is a very beautiful light rose-pink throughout and a profuse bloomer. Exceptional variety.

Per 100, \$3.75; Per 1000, \$32.00

MME. VICTOR CAYEUX. Salmon Rose. 4 ft. Delightful and rare new color shade in Cannas. Magnificent large heads on strong healthy green leaved plants.

Per 100, \$4.50; Per 1000, \$40.00

VENUS. 4 ft. A gay rosy pink, with a well defined border of creamy yellow.

Per 100, \$3.75; Per 1000, \$32.00

YELLOW CANNAS

KIND MIDAS. Clear yellow, green foliage. The finest and largest yellow Canna in existence.

Per 100, \$3.75; Per 1000, \$32.00

RICHARD WALLACE. Canary yellow. 4 ft. Excellent bedder. Light green foliage; large attractive trusses with 5 to 6 good sized blooms open at a time. Color is light yellow turning cream. This variety makes very fine hedge or boundary marker.

Per 100, \$3.75; Per 1000, \$32.00

YELLOW KING HUMBERT. 4 feet. An orchid-flowering sport of the well-known King Humbert. Flowers a deep, rich yellow, softly spotted and blotched with bright red. Some plants occasionally give a scarlet or scarlet striped flower, which we consider an improvement rather than a detriment. Foliage is green.

Per 100, \$3.75; Per 1000, \$32.00

ORANGE SALMON

ORANGE BEDDER. Blood Orange. 4 ft. Excellent growth and bloom. Heavy deep green foliage; excellent bedder; 8 blooms open at a time. Color is the richest blood orange with a yellow throat and simply gorgeous. This is one of the finest display Cannas grown.

Per 100, \$4.50; Per 1000, \$40.00

Best Varieties for Forcing and Cutting

Our list includes only the proven good varieties either for greenhouse forcing or outdoor cutting. These varieties are most in demand on the cut-flower markets. Our bulbs are carefully grown, cured and stored so they are free from disease, plump and full of vitality, and if planted under fair conditions, your crop should be excellent.

We generally recommend No. 1 bulbs, especially for forcing, as they produce a good spike a little earlier than the No. 2 bulbs.

The varieties best adapted for forcing are marked (*). Prices are subject to change and are f.o.b. Painesville, for shipment by express at customers expense. The stock is offered subject to prior sale.

INQUIRIES

It is part of our service to you to answer your inquiries promptly. We solicit your correspondence. It will help us, however, if you will make your inquiry as brief and as clear as possible.

SHIPPING FACILITIES EXCELLENT

In every case, shipments will go forward as quickly as possible if so desired, or reserved for shipment in proper time for planting in your districts. The first of March we start shipping into the Southern States, following up with our shipments in the later Spring seasons to our mid-western and eastern states. This part we watch very closely. It is our aim to ship you the plants, when it is planting time in your locality. Our railroad connections are of the very best, being able to route through our terminals immediately when shipments are received by the railroad. Perennials are of perishable nature and should be shipped by express, unless the material is of extra heavy nature and in perfect dormant stage at the time of shipment.

METHOD OF PACKING

This part of the work is very important. In every case the perennials must be packed according to its nature. Therefore our packing is handled by our most experienced men. They are fully acquainted with all varieties of plants that we grow and pack accordingly. In the large volume of business annually, we receive only an occasional complaint on shipments being received, either heated in transit or improperly packed. In following up these complaints, we find in many cases that such shipments are either delayed in transit or traveling through unfavorable weather conditions. This, however, is so trifling when taken into consideration our thousands of shipments that our packing methods are as perfect as possible. In the event of plants arriving in unsatisfactory condition, we are ready at all times to cover such plants with replacement or refund of price paid.

ADJUSTMENT OF COMPLAINTS

Complaints for adjustment must be mailed to us in writing immediately upon arrival of stock.

IMPORTANT

Please advise, when ordering, if you wish goods shipped by express or freight; also give us the best route to insure quick delivery. Write us on business stationery that we may be assured you are in the trade and that you are entitled to wholesale prices. To insure receiving the full order from us your ordering early will greatly facilitate selection and reservation of stock and shipments may go forward on time.

PRICES

The prices in this catalog are net, and are subject to change without notice. All stock is delivered F. O. B., Painesville, Ohio. We charge for packing at cost. This price list cancels all sales conditions and prices quoted in previous lists.
